Dr. Jason Cohen likes to give patients peace of mind.

Best Dentist

Dr. Jason Cohen

The patient was leaving on vacation the next morning and his temporary crown had broken. So Dr. Jason Cohen, 34, returned to his office at 7 p.m. to repair it.

When Cohen's wife mentioned that most offices wouldn't reopen for one patient, the dentist shrugged. "He was worried about it," he says. "I could give him peace of mind."

Patient Donna Comarow of Bethesda appreciates the fact that Cohen "listens. He does things quickly, he knows what he's doing, and he uses up-to-date equipment," she says.

DENTIST PROFILES

JASON A. COHEN, DDS, PC

Dr. Jason A. Cohen combines the art and science of dentistry to provide his patients with the best dental care available.

Cohen's practice offers General, Cosmetic and Implant Dentistry. In addition to a regular dental hygiene program and Oral Cancer exams, some of the services he provides are bonded fillings, porcelain crowns and veneers, whitening and *Invisalign*. "I have always been detail-oriented and maintained technical excellence within my practice," Cohen says. "I am constantly taking continuing education courses so I stay current on all the latest materials and techniques."

Cohen grew up in the area—he's a Winston Churchill High School graduate—and attended the University of Maryland Dental School before completing a residency at the Baltimore VA Hospital.

"When you come to Dr. Cohen's practice, you're going to see Dr. Cohen," he says. "And we're very careful to treat your family like we would treat our own families. We hold that to the highest level and make sure everyone feels comfortable in our office."

Committed to the value of organized dentistry, Dr. Cohen is a member of the American Academy of Cosmetic Dentists, Academy of General Dentistry, the Maryland State Dental Association, the D.C. Dental Society, and the Southern Maryland Dental Society.
